

Multiple Intelligences: The 8 Kinds of Smart. Which Way are You Intelligent? (lecture)

Did you know that there are 8 different kinds of intelligence according to Howard Gardener, a psychologist, researcher and professor of education at Harvard University. Which way are you intelligent.....

- Verbal/Linguistic?
- Logical/Mathematical?
- Bodily/Kinesthetic?
- Visual/Spatial?
- Musical?
- Naturalist?
- Interpersonal?
- Intrapersonal?

The Multiple Intelligences system is a favorite among school teachers and educators but has many other practical applications in life, including vocational guidance and relationship compatibility. You will have an opportunity to determine your own multiple intelligences in this lecture.
