

11 Heart's Desire (Sum of the vowels in the name = 11)

Please note: The following **WILL BE** modified, to a greater or lesser extent, by other numbers in your chart! Other strong 11 energy elsewhere will reinforce these potentials. Weak 11 energy or conflicting numbers elsewhere will dilute these potentials (for a listing of numbers incompatible with 11, click [here](#)). As a “master number,” the 11 vibration is very hard to live up to so most people having an 11 Heart's Desire will operate under the 1 Heart's Desire vibration (11 = double 1 influence) or the 2 Heart's Desire vibration (11 = 1 + 1 = 2). If you don't feel as though this information applies to you then please read the 1 Heart's Desire and 2 Heart's Desire descriptions.

Potential Positives

- You are a visionary and have a special gift to offer the world. You have a highly charged mind.
- You have a mission to do something spectacular with your life that has lasting value for humanity.
- You can be exceptionally inspired, intuitive and spiritual (even clairvoyant). You have been gifted with enormous wisdom, intelligence, ingenuity, imagination, creativity and leadership capacity.
- Your understanding of life and people is much greater than the average person's. In fact, you are powerfully aware of the thoughts and feelings of others.
- You are futuristic and inventive (many inventors have an 11 Heart's Desire or strong 11 energy in their chart). Your ideas are ahead of their time. You not only have innate intelligence but you think abstractly too. Solutions to problems and ingenious ideas seem to pop into your head regularly.
- You are a born peacemaker who wants to settle conflicts and create more peace/harmony on earth.
- Many with an 11 Heart's Desire feel as though they have a special message to preach or teach to the masses.
- You seem to have been born with a strong conscience. The whispers of your inner voice are much louder and stronger than they are for others.
- Like the 9 Heart's Desire, you want to devote yourself to a cause and make the world a better place. Your aspirations surpass the ordinary objectives and goals of most people.
- You may be attracted to the world of energy and/or the paranormal (having perceptions without scientific explanation) if you are one of the many 11 Heart's Desires with extra-sensory perception. You may have one of the following gifts: Seeing aura colors, being psychic, being able to feel and heal energy (like medical intuitives, Reiki practitioners and psychic surgeons), being able to communicate with pets, being able to channel information from the deceased or from angels.
- You may be attracted to religion, philosophy and/or alternative medicine. You may be an inspired artist or scientist. With so many extraordinary gifts you may do many things well!
- Like the 9 Heart's Desire, you are a romantic idealist and Utopian dreamer at heart. You feel deeply!
- You can have a magnetic, charismatic personality (especially if 3s, 5s, 6s or 9s exist in your chart).
- You know your life is being guided by unseen forces and you are willing to heed the call.

Potential Negatives

- You can be intense and have nervous tension that is brought on by your highly charged level of awareness. It is especially important that you take care of your health and nervous system by getting plenty of rest, surrounding yourself with peace and quiet, and eating well.

- Your extreme sensitivity can be poorly handled. You pick up on so much that it can be difficult for you. You may repress your feelings altogether or, more than likely, be extremely emotional.
- You can have inner conflict because you deeply desire to please others and keep harmony in your environment but you also want to heed your inner voice, which may be telling you to speak your truth, not just please others.
- It is possible that you were born into an extremely dysfunctional or turbulent family. This can cause you to suffer from lack of confidence and shyness. You may have had conflicting emotions of compassion and love for your parents as well as a fear of one or both of them. Overcome your lack of self-confidence, bring out your healing powers and be of service to others.
- Due to your extremely high level of awareness you can be elitist and carry an air of exclusivity. At the same time, you may suffer from feeling lonely and different from others because of your gifts.
- You may daydream excessively and be very impractical.
- You may seem detached and impersonal at times because your mind is often in the clouds.
- You may be obsessed with the quest for enlightenment to the exclusion of living practically.
- Like the 9 Heart's Desire, you can be overzealous about your beliefs and preachy to others.
- Like the 9 Heart's Desire, your vision is on helping the masses, so you can sometimes neglect and overlook the needs of your loved ones. Be aware of this tendency in you and direct some of your considerable love to your nearest and dearest.
