

## **22 Heart's Desire** (Sum of the vowels in the name = 22)

**Please note:** The following **WILL BE** modified, to a greater or lesser extent, by other numbers in your chart! Other strong 22 energy elsewhere will reinforce these potentials. Weak 22 energy or conflicting numbers elsewhere will dilute these potentials (for a listing of numbers incompatible with 22, click [here](#)). As a “master number,” the 22 vibration is very hard to live up to so most people having a 22 Heart's Desire will operate under the 2 Heart's Desire vibration (22 = double 2 influence) and/or the 4 Heart's Desire vibration (22 = 2 + 2 = 4). If you don't feel as though this information applies to you then please read the 2 Heart's Desire and 4 Heart's Desire descriptions.

### **Potential Positives**

- Deep inside, you know you are here to do something important for humanity that will have a lasting impact on the world. You envision yourself as someone who not only wants to make a difference with your life but as someone who wants to transform the world.
- You have all of the inventiveness, intelligence, sensitivity, idealism and creativity of the 11 Heart's Desire with the down-to-earth industriousness of the 4 Heart's Desire. You are capable of great innovations, especially in construction, business, politics, the sciences and/or the arts.
- You possess great power within you and want to master yourself so that you can live fully in alignment with your deepest values and lofty goals.
- You want to be a leader or entrepreneur so that you can bring to fruition your superior visions for humanity. You may aspire to be an influential diplomat, politician, inventor, film director, artist, architect, urban planner, actor and/or writer.
- You have the potential to inspire, influence and motivate others with your hard work ethic, selflessness and impeccable integrity.
- With your universal outlook on life, great ambition, and high ideals, you aspire to be involved in large, even global, enterprises. You want to be able to use your innate gifts of diplomacy, perceptiveness, organization, and delegation to have a positive impact on people and organizations.
- You know your life is being guided by unseen forces and you are willing to commit your entire being to heed the call.

### **Potential Negatives**

- Like the 11 Heart's Desire, you can be intense and have nervous tension that is brought on by your highly charged level of awareness. It is especially important that you take care of your health and nervous system by getting plenty of rest, surrounding yourself with peace and quiet, and eating well.
- Because of your superior perceptiveness, competence and intelligence, you may be easily annoyed and irritated by others' slowness, inefficiency, incompetence, and ignorance.
- At the negative extreme, you may be an egocentric, arrogant know-it-all, thinking that your judgment is beyond question. You may even seek to control others (especially with 4s elsewhere in your chart) or become dominant or rageful at times when you are under a lot of stress or feeling high-strung, especially if you are in a financial pinch or crunched for time (especially with 1s elsewhere in your chart). This can be brought on by an incessant drive to accomplish and a penchant to take on more than you can handle.

- Your extreme sensitivity, awareness and perceptiveness can cause you to feel different from others. You pick up on so many subtleties that others don't that life can be lonely and difficult for you at times. Until you come into your own, you may suffer from self-doubt, inferiority, insecurity and/or shyness. You may repress your feelings also.
- It is possible that you were born into an extremely dysfunctional or turbulent family. You may have had conflicting emotions of compassion and love for your parents as well as a fear of one or both of them. Overcome your lack of self-confidence, bring out your healing powers and be of service to others.
- Due to your extremely high level of awareness you may act elitist and carry an air of exclusivity.
- Like the 9 and 11 Heart's Desires, your vision is on helping the masses, so you can sometimes neglect and overlook the needs of your loved ones. Be aware of this tendency in you and direct some of your considerable love to your nearest and dearest.
